

Panel Name: EPSRC Mathematical Sciences Fellowship Interviews January 2021 - Panel B

Date of Panel: 19 January 2021

Panel Contact: Hunt, Helen

Panel Rank Ordered List: Main List

Rank	Grant Reference	Principal Investigator	Holding Organisation	Grant Title	Value (£)
1.	EP/V003542/1	Natarajan, Mr A	University of Warwick	Probabilistic and Topological methods in Real Algebraic Geometry and Computational Complexity	299,943
2.	EP/V006541/1	Morgan, Dr A J	University of Glasgow	Selmer groups, arithmetic statistics, and parity conjectures.	281,351
3.	EP/V027824/1	Fehrman, Dr B J	University of Oxford	Random environments, stochastic equations, and randomized algorithms	853,552
4.	EP/T018445/1	Reinert, Professor G	University of Oxford	CHARMNET - Characterising Models for Networks	1,125,316
5.	EP/T018836/1	Hering, Dr M	University of Edinburgh	Toric vector bundles: Stability, Cohomology, and Applications.	939,180
6.	EP/V001930/1	Kurinczuk, Dr R	University of Sheffield	Integral Structures in the Langlands Programme	739,381
7.	EP/V002147/1			Not Funded	

Notes:

1. To maintain the anonymity of applicants, full details are available only for those proposals that have been funded.
2. The number shown is the rank assigned by the panel at the meeting.
3. Where proposals have the same number, these are joint proposals that were considered as a single application.
4. Proposals showing as 'Decision Awaited' are given a rank 'n/a' until the decision has been made, and then the final rank will appear.
